### Our Guests Say It Best . . .

*My husband and I had the pleasure of staying at The Mission Inn. From the moment we walked inside, Susan and Raymond made us feel at home. The Inn is decorated tastefully, and murals relating to California Missions are fantastic. The room, bike rides and just sitting on the porch enjoying the ocean view. Breakfasts were delicious. It's just a great place to get away and share it to our friends - that's exactly what we are going to do next time. -Nana and Mike*

*To be thoroughly spoiled, catered to and comforted. A lovely visit - and we're going back in 2 weeks (having visited at least a dozen times). Wonderful innkeepers and staff, delicious food, cozy & comfortable bed, great bubbly jacuzzi. Only a few steps to the beach, for great beachwalking & shells in the off-season. All our dinner reservations were made, yummy afternoon treats. Susan's cookies are a delight!*

*My wife and I highly recommend The Mission Inn B&B. Susan and Ray are outstanding hosts that go above and beyond to make sure your stay in their inn is a memorable one. The breakfast that is included with your stay is amazing and the location is near perfect. It is only 1 block from the ocean and about a 15 minutes walk to historic Cape May downtown. We will be visiting again soon. Thanks Ray and Susan.*
