

Brewing Up More Than Just Coffee At Barista's Coffee House

MARK AND DEBBIE BECKER
BARISTA'S COFFEE HOUSE OWNERS

Move over corporate coffee chains . . . you now have some serious competition!

Barista's Coffee House is a breath of fresh Arabica aroma in a world dominated by overdone slick corporate marketing. Owners Mark and Debbie Becker have created the perfect "neighborhood" atmosphere coffee house that draws an eclectic mix of soccer moms, academics, intellectuals, professionals, artists and students. Once you walk through the doors you instantly become part of the "Barista's Family".

Barista's customers come back time and time again not only to drink their favorite hot or cold beverage, but also to savor the inviting and comfortable "Old World" European atmosphere. Debbie and Mark are experts at social networking and when you add in free Wi-Fi, authentic Italian Gelato, plenty of comfy leather seating, the finest gourmet pastries and cakes, you're in for a real treat. Oh, and just in case you wanted a fresh cup of Barista's coffee without having to get out of the car, *Barista's offers a fast convenient drive through service day and night.*

Debbie and Mark Becker had always dreamed of opening their own coffee house, so when Debbie was recently downsized from a company after 20 years, she and Mark regarded it as the perfect opportunity to fulfill their dream. The couple worked hard to earn the coveted title of "Barista", a person who is an expert in preparing and serving

coffee drinks, in fact a "coffee sommelier". It is this level of commitment that has earned Barista's Coffee House the title of the **"Best Cup of Coffee in Town."**

Barista's Coffee House also offers free live entertainment every Monday night from 7pm to 10pm. So come on in, sit back & relax, meet new friends, and enjoy the ambiance that only a coffee house like Barista's can bring.

A Happy Ending For 'Cassie' Thanks To A Reader

Dear Lynn,

The following was sent to Alley Cat Allies by the woman who adopted Cassie – the mother cat dumped at the Boardwalk last summer -- after reading about her in the March/April 2010 Atlantic County Woman. She wanted to know if we could pass it on to you.

All the best,
Francie

On a pretty, warm spring day this year I picked up an issue of Atlantic County Woman. It turned out to be a fateful decision for me.

I had read last summer about how Alley Cat Allies' Amanda Casazza saw three men abandoning a mother cat, named Cassie, and her kittens at the boardwalk. Thanks to Amanda the men were caught and charged. But I had never known what happened to the mother cat and her kittens until I saw a photo of Cassie - who was up for adoption - in this magazine on that warm spring day.

Cassie looked a lot like my beloved 20 year old cat, who only several months earlier had passed away. I knew no one could ever replace my "CoCo," and I had other cats I adore, but this cat and her story just reached out to me.

When I showed the picture and story to my husband, he agreed they looked a lot alike, but reminded me that no one could replace my cat of 20 years. I said that I know no cat would be just like him, and while I can't save every animal, I can make this cat's life wonderful.

My husband didn't say much else about it, but shortly thereafter, he surprised me with her for our anniversary. I guess he also knew not only could we make Cassie's life wonderful, but what joy she would bring to us. And that she did! We renamed her "Chanel," and she is now living her 'happy ending' with her brother cats and us.

Have your own 'happy ending' - adopt a pet, it makes lives wonderful!
