

Roberta Foss-Morgan, D.O.

As a native of Ventnor, I have returned after a sixty-year hiatus. Ventnor is where my heart lives. The plan is to see patients until the day I die, as I have trained with doctors in Europe who are 100 years old and still practicing medicine. My American medical training gave birth to a passionate curiosity about what could be done to prevent and reverse disease rather than waiting for it to happen. I call this "Internal Plastic Surgery." Some call it Integrative Medicine as this is a marriage of American and European medical ideology.

After achieving gold medal status in ice skating, I taught ice skating for eleven years, had two healthy daughters, began a PhD in Psychology, took a sharp turn and completed the University of Pennsylvania Pre-Medical program, received a medical degree from the Philadelphia College of Osteopathic Medicine, and served a three year residency in Family Medicine.

Other passions include my grown daughters, Cara and Samantha. Their brains and hearts are beautiful and I would love to hang with them even if they were not my progeny. I am doing anti-aging medicine with my 17-year-old dog, Buster who I adopted two years ago. I also love sprinting with my dog Bob on the beach, and practicing and competing in Gold International ballroom dancing. I occasionally date amazing men, and I have an army of girlfriends who are a joyful addition to my life. I am privileged in many ways, and grateful.

Laura C. Janes, D.O.

Laura is a board certified family medicine physician who opened her primary care office in December 2000.

Laura was born in Brooklyn, NY and raised in Staten Island, NY. She graduated from NYU with her Bachelor of Arts degree in psychology and economics and received her degree of osteopathic medicine from the University of Health Sciences in Kansas City, Missouri. After completing her internship and residency in Family Medicine at UMDNJ (University of Medicine and Dentistry of New Jersey), she took advantage of an opportunity at the shore. After working in Ocean City and Atlantic City, she decided to become her own boss and start a new medical practice.

Laura is a member of the American Osteopathic Association, the American College of Osteopathic Family Physicians, and the New Jersey Association of Osteopathic Physicians and Surgeons. She is affiliated with Shore Memorial Hospital in Somers Point, NJ.

Laura resides in Egg Harbor Township with her husband, Paul and two boys, Matthew and Jack. In her free time, Laura enjoys gardening, playing tennis, traveling, and spending time with her family and friends.

Her office is located in Linwood Commons.

Julianne Dods

Julianne Dods is vice president and general manager of Tilton Fitness. Julie came by her current position via an unusual route...she was formerly a rocket scientist. After graduating from the University of Delaware in 1986 with a degree in Mechanical and Aerospace Engineering, Julianne worked for General Dynamics in Fort Worth, Texas, as a Senior Research Engineer, developing materials and design tools for applications to advanced military aircraft.

She and her husband, Reynolds, moved to Linwood in 1991. They have five children. Julianne is actively involved in her community, having served on the Mainland United Soccer Association Board of Directors, the Our Lady of Sorrows' Parish Council, and the Strategic Planning Steering Committee for the Linwood Board of Education. She also serves as President of the Galloway Business Association and has been an active participant in parents' groups for soccer and crew, as well as fundraising activities for schools and community groups.

Julie is an advocate of developing what she calls "a whole pie" – carefully integrating the mind, body and spirit. She is a lifelong proponent of exercise and enjoys traveling with her family, hiking, golfing and reading.
