July 6, 2010

August 7, 2010

It's never too early to begin planning your backyard paradise for next year's swimming season. Years of backyard enjoyment await you and your family. Paradise Pools and Spas NJ reserves pool installations all year long and will dig and install your pool as soon as the weather allows. As shown to the left, we can transform your backyard into a paradise in as little as 30 days!

Book Now for a Fall or early Spring installation.

The process though, starts much sooner. It all starts with a no-obligation consultation with one of the owners / builders from Paradise Pools and Spas NJ. Fall and winter months are a great time to plan your project. Allow us to help you decide on what style pool you would enjoy, address your budget and line up financing (if needed), and apply for all permits. We encourage you to call or email our office and request a copy of our **12 page "BUYERS GUIDE"**. Inside you will find a treasure trove of information regarding many items you should know about building and owning a swimming pool.

Our Pledge to you.... You will receive the most professional care and attention to detail that your project deserves. We invite you to join our growing family of satisfied and extremely happy clients, helping them achieve their vision of Paradise, their own personal resort, right in their own backyard.
