

## Find New York Fashion at Barbara's Boutique This Fall!

WRITTEN BY:  
LYNN WOLF, PUBLISHER

**The summer is over and that means one thing: fall is fast approaching.**

I stopped by Barbara's Boutique to find out the results of her New York fashion buying trip.

I am always impressed with Barbara's eclectic style, from the Fair-Trade Organic clothing, to the chic and classy styles. All of her clothing lines blend together so you're guaranteed to experience fashion that encompasses styles and trends for the 2010 fall season.

Barbara and her staff can create stunning looks for every occasion with the hottest 2010 fall fashions found in her store. They will be able to create the polished and professional look this season by pairing a white Finley Shirt with an Elliott Lauren trouser. You can add a tailored jacket and a pair of high heeled leather pumps for a bold, yet professional look. The easy to wear black Clara S. dress transforms easily from day into evening..

When traveling for the weekend or hanging out with friends, you will find the latest fall fashion trend is both sleek and sophisticated. Skinny jeans can be worn with a Three Dots shirt and a Neon Buddha jacket, or a lightweight autumn cashmere sweater. Another trendy option is a pair of black or grey pants with a loose tunic blouse, and a

pair of high heel boots. Complete the outfit with some layered jewelry. A new line for Barbara is the Indigenous Designs Co. which focuses on relaxed, travel friendly styles. Indigenous has made ecological and fair-trade quality clothing since 1994.

The fall 2010 colors incorporate midnight hues of purple, blue, black and gray blended with the rich and lively colors of turquoise, coral, and lipstick red. Earthy yellows add vibrancy to the palette.

### Top 10 Colors for fall 2010

- **Oyster Gray** — a "go-with" anything color that is lighter than the traditional fall gray.
- **Chocolate Truffle** — a rich mix of brown with plum undertones.
- **Woodbine** — a soft mossy green.
- **Purple Orchid** — a purple hue bordering on fuchsia, which adds vibrancy to the fall palette.
- **Lagoon** — this season's take on turquoise and Pantone's 2010 color of the year.
- **Lipstick Red** — a deep sensual red, which lacks the harshness of dramatic fire engine reds.
- **Golden Glow** — an earthy yellow, which complements Woodbine and Purple Orchid for a real autumnal, feel.
- **Living Coral** — a perfect partner to Lagoon with its soft orange and pink undertones.
- **Endive** — a soft subtle creamy mix of yellow and green.
- **Rose Dust** — a timeless romantic, wispy beige that will prove to be a neutral canvas for almost any color.
